Second Palos Verdes Tract Announced

Sale of 51 acres of land to McCollum Truck Rentals, Inc., for improvement into a 74-lot subdivision on the north slope of the Palos Verdes hills just above the Westfield area was announced today by Frank A. Vanderlip, Jr., president of the Palos Verdes Corporation.

Improvement of the subdivision already is underway with all roads completely rough graded. A. B. McCollum of Newport Beach reporter. Sales agent for the new area, to be known as Upper Westfield, will be the George S. Denbo Company.

The sale was the second announced in the past two weeks for the north slope of the Palos Verdes hills. Construction of 51 homes in the Rolling Meadows subdivision, at the southwest corner of Palos Verdes Drive North and Montemalaga Drive, was disclosed recently.

The McCollum property will be restricted to the Rolling Hills type of construction—ranch type homes of no less than 1250 square feet, shake or shingle roofs and three-rail white fences.

Streets Moved
 Main entrance to the new subdivision will be via Eastville Road. Other streets have been named Travis Lane and Sunnyridge Road.

While Rolling Meadows will be completely built out with homes by Hahn-St. John Company of Hawthorne, Upper Westfield will be put on the market as lots with purchasers building their own residences.
